

Peacockblue is the color of sex. It was the first free sex story site on the net and it is still here. Reinventing the place sex stories have on the web... it is my place.. I am oceania... the voice of erotica. And even though i own this site it is not all about me and my work. In fact very little of my own stories are in here... But my soul lives here...

When you enter Peacockblue you leave your politics and religion at the door... Peacockblue is the pure and impure thoughts of a life well lived... It is the secrets of the flesh and the sex of the mind... its sensual, sexual pleasures... It is... Erotic sex stories, mind sex stories, passionate sexual thoughts, mostly it is sex with imagination... presented as free stories, erotic literature, friction fiction for the mind and body.

Come celebrate Peacockblue's Free Erotic Sex Stories, Sinful Poetry, Sensual Photography and decadent art... interviews, commentaries and more. Inside this site the color of sex is always peacockblue!
